Courage.

Confidence.

We're modern women living in supportive, gospel communities throughout the world. We work in schools, parishes, hospitals and communities to empower individuals through the teachings of the gospel.

Faith.

*The Ursuline Sisters,
through courage,
confidence and faith,
make a difference in
the lives of people
around the world.
Like our foundress,
St. Angela Merici,
we dare each day
to confront the
oppression of women
and to stand in
solidarity with the
poor. As women
who profess vows
of poverty, chastity
and obedience, we
are committed to
education and action
for social justice.*
