**What excites you about the mission of this Ursuline school?** As an Ursuline graduate, I truly believe in single-gender education and in Ursuline's mission of *Serviam*. I benefited tremendously – academically, socially and spiritually – from my time at Ursuline; the holistic education helped me know myself and how I could contribute to our world. I'm committed to ensuring that future generations of young women can also enjoy this education. Also, I have to add that as a mom of only boys, I like the idea of supporting UA and gaining insights into the world of girls!

**What experience or gifts do you bring to service on this board?** I see board service as focusing on the most important strategic issues and thinking long-term, and I have experience doing both functions. I also have a lot of experience with facilities management – at the Perot, overseeing the City's 19 cultural facilities and now working on projects in Downtown. Facilities issues can be expensive and not "sexy" – but they truly matters – i.e., people need their A/C to work! Personally, I enjoy networking and building cross-sector partnerships, which I think helps organizations build broad support, grow their reach and impact and ultimately thrive over the long term.

**What other experience have you had serving on governing boards or committees, particularly for non-profits?**

Junior League of Dallas – twice served on the board (2012-13) and (2014-15); Dallas Education Foundation board since 2020; YMCA of Metropolitan Dallas Board – joined in 2023.

---

**Are you willing and able to serve a three-year term on the Board of Trustees at this time?** YES

**Will it be possible for you to attend board meetings on a regular basis?** YES.

**Are you also able to serve on a board committee?** YES.

---

**Is there anything else you would like to say regarding membership on this board?** Right now, I cannot think of anything further, but please let me know if you have any questions.

**Is there anything else you would like to say regarding membership on this board?** I'm honored to be considered for the role. Having family connections to the Ursuline community for over 40 years gives me a special appreciation for the influence an Ursuline education had on my sisters, cousins, nieces, friends and ultimately my own daughters.

I feel I have an obligation to do what I can to improve that experience for current and futures students, while also making this available to students that may not otherwise have the ability to attend Ursuline.

**What excites you about the mission of this Ursuline school?** I am moved by the mission to educate girls and young women in a community that is based on scholarship as well as character development and faith.

**What experience or gifts do you bring to service on this board?** I am the mother of two terrific daughters (who are now 21 and 18); I am a longtime member of the Ursuline parent community (my younger daughter attended UA from 7<sup>th</sup> grade through 12<sup>th</sup> grade) and can speak to the benefits my daughter obtained through her UA education; my professional skills include leadership, communication, teaching/training, and writing skills; as a woman who has spent her career in a traditionally male-dominated profession, I am highly motivated and experienced in promoting the professional development of women; as the managing partner of my firm, and a longtime member of the firm's management committee, I have experience in business management and strategic planning; throughout my career, I have devoted time and

SHAWAHAN

energy to community service projects that make use of my profession skills and, I hope, help make the world a better place.

**What other experience have you had serving on governing boards or committees, particularly for non-profits?**

In my local community, I have served for eight years as a board member of Wellesley Club, a civic organization. I just completed my term as president. In 2016-2017, I served as co-chair of a Master Planning Committee tasked with advising the community on renovating, rebuilding, and/or consolidating three aging elementary schools. Our committee's plan has been implemented; the first new school opened in February 2024, and the second new school is scheduled to open in September 2024. I served for over a decade on the board of the Massachusetts Appleseed Center for Law and Justice, and helped lead projects related to access to justice in the court system and development of a handbook to guide families facing school discipline. I also served for three years on the Boston Bar Association's ("BBA") Council – the BBA's board of directors -- and for six years as a BBA representative on the Joint Bar Committee on Judicial Appointments (I served for a year as committee chair). I have also been appointed from time to time by the federal court in Boston to represent inmates presenting potentially meritorious civil rights claims against state prison officials. I have been a leader of a Girl Scouts troop and service unit. I teach regularly at Massachusetts Continuing Legal Education programs and at Harvard Law School's Trial Advocacy Workshop for a week during winter term.

Yes, I am.

**Will it be possible for you to attend board meetings on a regular basis?** Yes.

**Are you also able to serve on a board committee?** Yes.

**Is there anything else you would like to say regarding membership on this board?** I am very grateful for the opportunities that my daughter Nora had at Ursuline Academy. Nora has had a successful transition to college (she is a freshman at Colby College in Maine). Nora was especially fortunate for the no-nonsense way in which Ursuline continued to deliver education during the COVID-19 years. The entire community showed the students that when life gets tough, you keep going and you keep your eye on the things that matter. I welcome the opportunity to help ensure that Ursuline continues to be a place where girls like Nora can reach their full potential – both academically and personally.

What excites you about the mission of Ursuline Academy?

I've always believed in the core values Ursuline established years ago and continue through present day. Academic excellence, nurturing of an individual, and Serviam are values that were instilled in me when I was a student which helped me become the person I am today. The exciting thing to me is that message is consistent through today in a world where a well rounded individual is best prepared to exceed in all aspects of life. It is a more straightforward path to choose to focus just on academics alone; therefore, the thing that excites me most is Ursuline doesn't choose the happy path. Ursuline believes in taking on the more ambiguous task of developing the person in all areas, empowering students to accept their individuality, and emphasizing the importance of serving others. The return on Ursuline's mission speaks volumes beyond metrics, it's an impact to a wide cast of communities that students gravitate to after their high school experience.

What experience/gifts do you bring to service on the Ursuline Academy Board?

My goal as a board member would be to bring my vast business experience and management consulting skills to help drive forward the objectives set. I will always bring a perspective, challenge the status quo, promote transparent and effective communication, ensure accountability to our mission, and advise with intention. My background in strategic planning, technology and data driven insights, understanding of complex economic and organization challenges, and a leadership style including empathy at the forefront are just a few of assets I will bring to the table. I also want to focus on expanding the alumni engagement from classes and class members in my network as they have so much to offer. Lastly, I will commit to the financial commitment responsibility, and have many connections to leverage for various needs within the school.

What other experience have you had serving on governing boards, particularly for non-profit or mission guided organizations?

As previously mentioned, I've carried the values of Ursuline throughout my post academic life into my career and daily life. I made the decision to work with a non-profit client free of billable hours to stand up their charitable gift giving platform and strategy as I believed in their mission. Additionally, I lead two Deloitte firm initiatives in addition to client responsibilities to assist in the career growth of associates. I have had a specific intention of growth as a female leader and achieved an executive certification for women in leadership at Yale SOM for additional education to support opportunities like the Ursuline board.

COBB

It was during my time at Ursuline that I began to lay the foundation for who I am today. Ursuline was the first institution where I found myself accepted for who I was and encouraged to embody that person fully. I had many challenges throughout my early academic career but it was at Ursuline that I learned how to navigate difficult situations, be an advocate for myself, work incredibly hard to achieve my goals, and bring my individuality to the forefront. If I can use my skills and experience to benefit the board and ensure Ursuline can continue to do for others what it did for me, it would truly be one of my greatest achievements.

What excites you about the mission of Ursuline Academy?

BAKER

Ursuline Academy has a long tradition of developing young women into faith-filled, confident leaders who understand the importance of service to others. Through my daughter (Class of 2018) and her UA peers, I have personally seen their growth in these areas during the academic years at Ursuline. Now working as young professionals, these UA alumni are enjoying both personal and professional success rooted from the strong foundation that Ursuline provided. It excites me to help continue the mission so that other young women will have these growth and enrichment opportunities as well.

What experience/gifts do you bring to service on the Ursuline Academy Board?

I worked for Mercantile Bank and USBank from 1988-2004 in the Comptroller and Human Resource Information Technology Departments. I volunteered at the Ronald McDonald House Charities of St. Louis in the Finance Department from 2004-2011. I worked as the Assistant Director of Admissions at St. John Vianney High School from 2011-2016. My husband, Rick, and I acquired NetCom, Inc. in 2003 and are business partners.

What other experience have you had serving on governing boards, particularly for non-profit or mission guided organizations?

I served on the Seven Holy Founders School Board from 2006-2009 (School Board President 2007-2009). I served on the Marketing and Branding Committee and the Advancement Committee of the St. John Vianney Board of Directors from 2018-2020. I served on the Holy Cross Academy School Board from 2020-2023, chaired the Advancement Committee and chaired the Galas from 2021-2023. I serve on the Saint Louis Zoo Marlin Perkins Society Committee (2021-present). I serve on the Saint Louis Zoo Zoofari and A-Zoo-Ado Steering Committees (2019-present). I am a current business member of the Fenton Chamber of Commerce.

Is there anything else that you would like to share with us at this time?

Catholic Education has always been very important to both my husband and myself, and we were fortunate to send our four children to Seven Holy Founders, Holy Cross Academy, Saint John Vianney High School and Ursuline Academy. Being active in these communities has given me the opportunity to meet many faith-filled, loving and selfless individuals who work to create a nurturing environment for the students. As a volunteer, my involvement with the school boards has been very rewarding and a way to give back. I would be very honored to serve on the Ursuline Academy School Board if I am selected to serve. Thank you for the opportunity to share a little bit about myself. God Bless!
